Questions:

- 1: Are all or only some animals described as nice or mean?
- 2: If an animal is neither nice or mean, can they be housed with mean animals?
- 3: Can an animal have multiple owners (e.g. a married couple)?
- 4: What if an owner specifically requests their dog and their cat be housed together?
- 5: Do you plan to have differently-sized kennels in the future (e.g. some can house 5 and some can house 3)?
